### Commitment to the Queensland Government Supplier Code of Conduct

#### I, the undersigned, acknowledge that:

1. The Queensland Government wants to do business with ethically, environmentally and socially responsible suppliers.
2. The Queensland Government has a Supplier Code of Conduct (Code) that sets out the standards and expectations government has of businesses who want to sell their goods or services to the government.
3. The standards and expectations set out in the Code are not intended to reduce, alter or supersede any other obligations which may be imposed by any applicable contract, law, regulation or otherwise.
4. To ensure that the Code remains current and relevant, it may be amended or updated by the Queensland Government.

#### On behalf of my organisation I:

5. Confirm that the Queensland Government's standards and expectations of suppliers as set out in the Code are understood.
6. Provide a commitment that, if selected to supply goods and/or services under any contract, we will meet the undertakings as contained within this letter and particularly as per items 7 to 9 of this letter.

#### I will:

7. Be responsible for periodically checking for updates and amendments to the Code.
8. Meet the Queensland Government's standards and expectations as set out in the Code, including as may be updated or amended.
9. Will raise concerns or otherwise seek clarification in relation to any aspects of the Code, including any updates or amendments to the Code.
10. Make all reasonable efforts to ensure the business' supply chain is ethical, compliant with the Code and not complicit in practices that may exploit human rights or constitute modern slavery, including taking appropriate measures to assess and address supply chain risks.
